

Zuzu's Petals Floral Worksheet

We have worked to provide both a hard copy of our Consultation Worksheet for you to print off and work on at your convenience, and an online form that ZuZu's would like for you to fill out and bring with you to your meeting with your Zuzu's designer. Please feel free to bring pictures and magazines or anything else that may help you in describing the vision you see for your wedding. Be prepared to spend at least an hour to an hour and a half with us while we brainstorm how Zuzu's can best fit your needs. We look forward to working with you!
